

# GASS FILLS • FILTERS

## GAS VENT

### STAINLESS STEEL

This gas vent is machined from stainless steel and highly polished. Designed to receive 3/8" I.D. hose. **Thread length: 1"**

Catalog No.  
19650

Item No.  
405

## GAS VENT

### CAST BRASS

A full 3/8" hole thru this fitting, provides venting for tanks. Chrome plated brass.

**Pipe I.D.: 3/8"**

**Pipe Length: 1-5/8"**

Catalog No.  
19741

Item No.  
408

## PIPE DECK PLATE

### CAST BRASS

Chrome plated flush mount deck plate, available in three sizes with a hose connection.

Pipe I.D.	Flange O.D.	Catalog No.	Item No.
1 1/4"	3"	25544	650
1 1/2"	3 1/2"	25545	651
2"	4"	25542	649

## FLIP-TOP GAS FILL

### CAST BRASS

A two piece gas fill, made of cast brass and chrome plated. Made for 2" hose.

Throat I.D.	Flange O.D.	Catalog No.	Item No.
2"	3-3/8"	255200	652
2 1/2"	3 3/4"	255250	653

## FLIP-TOP GAS FILL

This flip top gas fill is designed to be connected to the tank with 2" I.D. hose. The cap has a quick release spring and a leak proof filler.

Type	Catalog No.	Item No.
Aluminum	25825	677
Stainless	25865	1296

## GASOLINE FILTERS

This marine gasoline filter can be installed between fuel pump and carburetor or at tank. Has drain plug to facilitate removal of water.

Description	Catalog No.	Item No.
Complete	12601	65
Extra Filter	12609	66

# GAUGES • SENDERS • ALTERNATORS

## STEWART WARNER GAUGES

### 2-1/16" DIAMETER CASE

Stewart-Warner marine gauges have heavy duty construction internal parts for accuracy, long life and resistance to vibration, shock and extremes of temperature. Bezels are chrome plated and dials are black and white.

Description	Catalog No.	Item No.
<b>Fuel Level</b>		
E-1/2-F (12V)	82111	987
<b>Vacuum</b>		
0-30" Vacuum	82117	992
<b>Pressure</b>		
0-80 lbs. Oil	82322	994
0-80 lbs. (12V)	82113	989
0-100 lbs. Oil	82323	995
0-10 lbs. Fuel	82319	993
<b>Temperature</b>		
60°-240° Water (12V)	82114	990
100°-270° Oil (12V)	82115	991
<b>Ammeters</b>		
60-0-60 Amperes	82108	986
<b>Voltmeter</b>		
10-16 Volts (12V)	82112	988

Some of the above require senders - see below.

## HOBBS HOUR METER

A must for every boat to keep accurate record of engine service hours. Electric gauge - built by Stewart-Warner. 2 1/4" dia.

Catalog No.	Item No.
23100	601

## BLOCK TEMPERATURE GAUGE

### STAINLESS STEEL

Attaches directly to the engine block. Reads cylinder head or block temperature. 3/8" N.P.T. thread, 2 1/4" dia.

Catalog No.	Item No.
23200	602

## SENDERS FOR MARINE GAUGES

### WATER TEMPERATURE

Pipe Size	Catalog No.	Item No.
1/8"	362-CZ	978
